

# ACT NOW!

Apprenticeships and Careers

## Myth or Reality?

**"A good mentor acts more like a peer than a supervisor"**

This is true! All apprentices get a mentor in their area of work to support them and we very much value the role played by our mentors in shaping an apprentice's journey.

## Did you know?

We have sponsored advertising at both Cheltenham Town FC and Gloucester Rugby. **Discounted** tickets are also available for our staff!

and many more....

Apprenticeships  
and  
Careers

# Take our careers quiz

Follow the link below to the NHS Health Careers site to complete a short quiz which aims to match you with your ideal career route. Information on our various different opportunities including apprenticeships is also available:

<https://www.healthcareers.nhs.uk/>

## CAREER OF THE WEEK

### Clinical Coding:

- A Clinical Coder is responsible for assimilating and translating medical notes and records into alphanumeric codes to represent information about a patient's stay.
- This data may be used to manage care and provide clinical insight and analysis.
- It will help to have something of an interest in biology and anatomy.
- You will need to be agile, professional, emotionally intelligent and to have a desire to constantly learn and adjust.

## UPCOMING OPEN DAY

- A great opportunity this weekend to meet our teams in **Nursing, Midwifery and Theatres** and gain a fantastic insight into what we do and the career pathways available in our Trust.
- Our ACT Engagement Officer will also be on hand to provide information about apprenticeship opportunities.

### Feedback from one of our students:

"Everyone was so lovely and welcoming; it was so interesting seeing how everyone works as a team. I enjoyed looking at how all the staff set up the clinics before the day starts and learning about all the different roles involved. I can't wait for the next few weeks to come, and I'm excited to learn more." - Jazz

Apprenticeships  
and  
Careers
