

“

Before starting KLB, my husband and I (like most parents) had many concerns about our daughter moving up to Secondary school. We shared our concerns with the school SENDCO, who has been fully supportive throughout our daughters time at KLB. Some adjustments were made to our daughter's transitions to make her experience an easier one. The staff are always welcoming and friendly - this was especially demonstrated during the transition period. Throughout her time at KLB, any concerns raised by myself or my daughter have been answered within 24hrs - with a solution to the problem. We have regular contact with the school SENDCO and our daughter's tutor. Our daughter is extremely happy at KLB. She has built a great relationship with her teachers and the teaching assistants. A few things that have been put in place, to make her experience a positive one, are: she has been given a T.I.C buddy, goes to learning support during break and lunchtimes and she gets to spend some time with Berkeley (the school dog) which helps to ease her anxiety. The staff are always happy to help. They have done so much for our daughter already and her experience would not have been the same if it wasn't for the kindness they have shown.
