

Your Canteen Account

To help you with make the most of the school secure payment system SCOPAY, we thought parents may be interested in knowing that there have been a number of recent changes to the system to improve and increase the level of functionality.

SCOPAY can be accessed online or there is now an app available for you to download on your phone or tablet – this works on Apple and Android phones.

Parents have always had the opportunity to view transactions but you can also set up alerts to let you know when your account goes below a level set by yourself. Information on this follows.

Setting up Canteen Balance Alerts is easy and the link below will provide you with a step by step guide on doing this.
