

Assessment and Reports – Year 10

Overview

Year 10 receive a Progress Check and two formal reports through the year. Additionally, Classcharts provides live updates for praise and concern points issued via the App.

Progress Check	Term 2	Attendance Target grades Praise and Concern points
Progress Review 1	Term 3	Target grades Projected grades (against targets) Effort, Behaviour and Homework levels Attendance
Parent Evening	Term 3	
Progress Review 2 Follows Summer Exams	Term 6	Target grades Exam result Projected grades (against targets) Effort, Behaviour and Homework levels Attendance

Parent Evening is in Term 3 following the Progress Review 1 report

Target Grades

Targets are set using internal baseline data and CAT test results. They are set to GCSE outcomes at the end of Year 11 from grade 9 (highest) to grade 1 (lowest). The current projected grade reflects the grade a pupil is likely to get if they continue on their current trajectory.

The purpose of setting targets is to help ensure that all students make good progress whatever their starting points. Targets should be aspirational, but also realistic in that they need to be achievable. They help teachers work out where intervention, challenge and support are needed. Targets can be changed to ensure all pupils are appropriately challenged and supported.

Assessment

We have an approach that enables a range of evidence to be used to decide projected grade. This evidence could be vocabulary tests, knowledge recall tests, practicals, homework, class work and formal assessments. Progress is built into each subject's planning, with increasingly challenging level descriptors/criteria.

Effort, Behaviour and Homework Grades

Effort, behaviour and homework is graded on a 1-5 scale, the criteria for these grades is provided with your child's report.
